January 24, 2005
Page 9 of 9

REMARKS

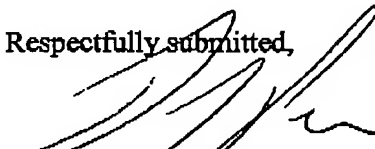

In the Applicants' Second Preliminary Amendment dated January 7, 2005, Applicants inadvertently omitted the designation of newly added claims as being "New." This preliminary amendment is, therefore, intended to replace the Second Preliminary Amendment dated January 7, 2005. Applicants respectfully request that the Second Preliminary Amendment dated January 7, 2005 be disregarded.

In the present amendment, claims 37-52 have been cancelled, and claims 53-81 have been added. Applicants note that claims 53-81 are not identical to claims 53-74 presented on January 7, 2005. Claims 37-52 have not been cancelled for reasons of patentability and may be prosecuted in a later filed continuation application.

Applicants respectfully request that the foregoing amendments be entered before the examination of the present application. In the event there are any fee deficiencies or additional fees are payable, please charge them (or credit any overpayment) to our deposit account No. 50-2121.

In the event the Examiner deems personal contact is necessary, please contact the undersigned attorney at (603) 668-6560.

Respectfully submitted,
